Professional Summary

Global sourcing merchandiser with liaison office experience in sportswear, performance & lifestyle apparel. Proven in 120+ multisport and professional soccer club programs and 200+ styles management, end-to-end execution, 98% on-time USA & EU deliveries, sourcing, development, costing support, critical path control, factory coordination and professional buyer communication.

Recognized for excellence, critical path control and buyer satisfaction in high-volume sportswear & lifestyle apparel programs.

CAREER HIGHLIGHTS

- Managed **120+ multisport & professional soccer club programs and 200+ styles** across sportswear, knit, woven and outerwear categories
- Achieved **98% on-time shipment performance** through critical path control
- Improved **sample approval efficiency by 20%** through structured follow-up & reducing development delay risk
- Maintained **99% accuracy in costing sheets** and supporting commercial negotiation
- Coordinated across **4+ factories and international teams (USA, Germany, China)**
- Mentored and trained **2 junior merchandisers**, strengthening team execution and workflow efficiency

PROFESSIONAL EXPERIENCE

Assistant Merchandiser – Capelli Sport (Bangladesh Liaison Office)

(Jan 2023 – Present)

Multisport & Professional Soccer Division

- **Owned End-to-End merchandising execution:** Managed end-to-end merchandising execution for sportswear and performance apparel programs supporting USA and EU markets.
- **Led Global buyer coordination:** Maintained daily communication with buyers and overseas offices in USA, Germany, China for product development and production execution.
- **Costing & Negotiating:** Maintained 99% accuracy in cost sheets, commercial negotiation on price & delivery date.
- **Material & Supplier Coordination:** Coordinated fabric, trims and accessories sourcing and booking with factories and suppliers to ensure timely production.
- **Led Sample Development Lifecycle:** Led end-to-end sample development (proto, fit, size set and PP), improving sample approval efficiency by 20% through structured follow-up & reducing development delay risks.
- **Factory Coordination & Production Follow up:** Coordinate with design, technical, planning and sourcing teams, monitor production across multiple factories, resolve issues, ensuring quality compliance & shipment deadlines.
- **Sourcing Support:** Supported the sourcing team in identifying potential suppliers, material development and sharing market feedback.
- **Critical Path Management:** Drove on-time shipment performance to 98% by implementing structured critical path monitoring by using follow up chart, TNA and proactive production follow-up system.
- **Order & File Management:** Maintained structured order documentation including costing sheets, master files and buyer records to improve internal tracking and reducing production delays.

- Supported merchandising team in development and production coordination for international buyer programs
- Assisted in sample tracking, production follow-up and supplier communication
- Gained hands-on experience in factory merchandising including costing, sourcing and production monitoring
